The Union and American's Issue on a Point of

The Union and American last week charged Col. Johnson with saying in his place on the V. B. Palmen, Newspaper and Adverticing Agent, floor of the Senate, "that the Union and American had charged him, [Col. Johnson,] with having sought the Presidency of the Bank." We corrected the misstatement of the Union and American, by stating what Col. Johnson d d say, viz: "that public rumor had charged him with seeking that office."

THE MOST WONDERFUL Discovery of the Age.

HiS remarkable preparation contains no alcoholic stimulent, no essential oil, nor one unhealthy drug. It does not color the hair, but acts upon the services and secretive organs, so as to supply the former with the necessary coloring matter, and upon the latter, so as to completely restore their impaired or lost functions. All this the propri-etor has a right to say, for it has done all this for him. At the age of thirty-seven he was as gray as the man of sevente, and his hair nearly all fallen off; but he now has an bundant crop, and no person would ever imagine that he ever had a gray bair; and hi hair is as soft and pliable as

Prof. O. J. Wood-Dear Sir: Unsolinited 1 send you this certificate. After being mosely bald for a long time, and having tried all the hair restoratives extant, and having a faith in any, I was induced, on hearing of yours, to give it a trial. I placed myself in the hands of a barber and had my head rubbes with a good suff brush, and the Resta en applied and well rubbed in till the scalp was all a glow. This I repeated every morning, and in three weeks the oung hair appeared, and grow rapidly from August last up to the present time, and is now black, thick and strong soft and piessand to the touch, whereas before it was hard and wiry, what little there was of it, and that little was disappearing very rapidly. I still use your Rest-rative about twice a week, and shall soon have a good and perfect crop of hair. Now I have read of these thirgs-and who has not?-but have never hitherto seen any case in which any person's hair was ready benefitted by the aid of the hair tonics, &c., of the day; and it really gives me pleasure to record the result of my experience. I have recommended your preparation to others, and it already has a large and general sale throughout the Territory. The people here saw ts effects and have confidence in it. All who have used it here will coincide with me in what I have written. The supply you seat us as the wholesale agents of the Territory is already exhausted, and daily inquiries are made for it. --You less we credit for your discovery 1, for one return you my hanks for the benefit it has done me for I certainly ad des, air, d long, long ago of ever effecting any such re uit.
